SUMMARY

UI Engineer with ~4 years of experience developing responsive front-end applications and contributing to scalable design systems. Proficient in React.js, Redux, TypeScript, semantic HTML5, CSS3, and SCSS, with strong expertise in reusable components, accessibility, and UI performance optimization (~20% faster load times). Experienced in building UIs with MetLife Design Component (MLDC) system for consistency and scalability, state persistence, and API integration, with exposure to cross-platform mobile UI (React Native) and a strong learning interest in Next.js (SSR) and Flutter. Collaborative and impact-driven, recognized for teamwork, documentation, and delivering maintainable, user-focused solutions in Agile environments.

EXPERIENCE

Tata consultancy and service Ltd. (TCS)

August 2023 - Present

Pune, Maharashtra

MetLife

Frontend Developer

- Built UI features using the MetLife Design Component (MLDC) system, ensuring consistency, accessibility, and reusability across modules.
- Developed responsive, accessible pages in React.js, Redux, TypeScript, HTML5, and SCSS, achieving ~20% faster page load times compared to the legacy Struts version.
- Optimized Redux state management with redux-persist for local storage, improving session persistence and reducing redundant API calls by ~15%.
- Built a dynamic subscriber search form with conditional rendering, reducing duplicate record resolution time by ~40% compared to the legacy flow.
- Integrated a chatbot for real-time assistance, improving self-service query resolution and lowering manual support requests by ~20%.
- Collaborated with DevOps on CRA (Webpack-based) CI/CD build pipelines, ensuring smooth, automated deployments and troubleshooting build-related issues.
- Leveraged GitHub Copilot to accelerate development, generate clean boilerplate code, and maintain best practices, reducing feature delivery time by ~15%.

KeyBank

Command Center Analyst – Network & Operations Center

19th May 2022 – 31st July 2023

- Provided L2 production support, resolving critical incidents and ensuring 99% SLA compliance.
- Monitored and troubleshooted large-scale batch job workflows using IBM TWS (OPC), reducing downtime by 25%.

INTERNSHIP

Triwits Technologies Pvt Ltd

Full stack Developer Intern

September 2021 – March 2022

Vijayapur, Karnataka

- Food Delivery Website – Built responsive UI using HTML, CSS, Bootstrap.
- Real Estate Mobile App – Developed mobile UI with React Native and Redux, implementing reusable components and state management.
- Developed RESTful APIs using PHP (CodeIgniter) + MySQL, integrated and tested via Postman.

SKILLS

Frontend: React, Redux, HTML, TypeScript, JavaScript, CSS, SCSS, Bootstrap, Responsive Web Design

Testing: Unit Testing (Jest)

Backend/Database: Node.js, Nest.js, Express.js, MySQL, MongoDB, PHP (CodeIgniter)

APIs & Integrations: RESTful APIs, JSON, Postman

Tools/Platforms: Azure, Git, GitHub, GitHub Copilot, ServiceNow, Mainframe (IBM TWS/OPC)

EDUCATION

Bachelor of Engineering

BLDEA's Dr. P. G. Halakatti

College of Engineering &

Technology, Vijayapur, Karnataka

Affiliated to Visvesvaraya

Technological University,

Belagavi, Karnataka

2015 – 2019 | GPA: **8.3 / 10**

Pre-University Course (Science)

SECAB PU College for Boys,

Vijayapura, Karnataka

2013 – 2015 | Percentage: **86%**

CERTIFICATIONS

Associate Cloud Engineer Certification

Build Responsive Real-World websites - Udemy

AWARDS

On-the-Spot Award - For resolving critical project failures and providing L2 support.

Applause for team Award - Recognized for exceptional teamwork and collaboration leading to successful project delivery.
